

UK PRESS RELEASE

---

## **Prius Unites Europe**

20 June 2008

It is hard to find much the British, the French and the Germans have agreed on over the years, but it seems Toyota has found the answer: They all love the Toyota Prius.

The hybrid family car has topped the rankings in the J.D. Power and Associates Customer Satisfaction surveys recently published in France and Germany, just as it did in the recent edition of the long running UK survey.

Aygo was also top supermini in the UK and France, while the French and Germans rated the Verso as best small MPV.
